Re: Information

Dear Resident;

We thank you for your confidence in electing us to represent you at the Vines Community Association meetings.

Our Committee Assignments at VCA are:

George: Road Safety and Security
Esteros Country Club Liaison
Hurricane Preparedness

Jordan: Perimeter Lighting
Railroad
Hurricane Preparedness

While we represent all residents of The Vines concerning our specific committee assignments, we represent Vintage Trace Circle Residents on all matters of interest with VCA.

In an effort to open lines of communication between ourselves and you, the residents, we are implementing the following initiatives:

- **The Vines Website.**

We will post updates to our activities, member input and other information on the Vintage Trace Page of the VCA website. Go to www.thevinesca.com. Select "Neighborhoods" on the green menu line, then "Vintage Trace" from the drop down menu.

In addition to the information we will provide, you will be able to input your opinions and suggestions through an e-mail address specifically linked to both of us. We will edit your responses and include them in subsequent postings to the website. Should you wish to contact us simultaneously, we both receive e-mails addressed to: vtcrep@thevinesca.com

If you are not accessible through e-mail, please notify us and we will arrange copies of e-mail postings to be delivered to you.

- **Semi Annual Informational Gatherings**

Subject to availability of Estero Country Clubhouse facilities, we plan to conduct November and April informational sessions, open to all Vintage Trace residents. The purpose of these sessions will be to exchange thoughts and ideas, along with getting to meet and know each other in the more personal setting of a live gathering.

- **Personal Contact**

You are welcome to contact either of us personally by letter, e-mail or phone. Our addresses and contact information are available by contacting The Vines Community Association or Pegasus Management. Remember that written or e-mail messages are more effective than oral messages in that the accuracy of your comments cannot be misinterpreted.

We look forward toward working with you to ensure a safe, enjoyable lifestyle at Vintage Trace Circle.
